LIE HURLED AT HUGHES AND HIS STATEMENTS BY PRESIDENT'S CABINET

**Charges of Playing Politics
With Geodetic Survey De-
clared False and Absolutely
Misleading.**

**TITTMAN'S RETIREMENT
WAS VOLUNTARY**

**Commerce Department Chiefs
Take Republicans Nominee
to Task for Talk at Detroit
Monday.**

(By Review Leased Wire.)
WASHINGTON, Aug. 8.—State-
ments made by Charles E. Hughes
Republican nominee for the presi-
dency in speeches at Detroit yes-
terday were characterized as "false
as to facts and of misleading sub-
stance," in telegrams sent by ad-
ministration officials tonight, af-
ter a long discussion of the sub-
ject by President Wilson and his
cabinet at today's meeting. The
charges related to conditions in
the coast and geodetic survey and
the census bureau.

Refute Hughes Statements.
Secretary Redfield, in Bingham-
ton, N. Y., telephoned to Secretary
Tamm denying the charges made
by Mr. Hughes, and later sent a sim-
ilar telegram to Mr. Hughes. Edwin F.
Sweet, acting secretary of commerce
in Mr. Redfield's absence also tele-
graphed Mr. Hughes, giving a detailed
refutation of the charges.

The Matter of Tittman.
Mr. Hughes cited the retirement of
E. Dana Tittman as director of the
census and the appointment of Wm.
J. Harris in his place, and the re-
placement of O. H. Tittman as head
of the coast and geodetic survey by
Dr. R. Lester Jones. Mr. Redfield's
telegram to Secretary Tamm follows:

Not Fired at All.
"Statements of Hughes respecting
appointment census and coast survey
in Detroit false as to facts and of
misleading substance. You may say
for me Durand of census retired vol-
untarily. I recommended him to present
employment. Harris' recognition was
not political. Made fine record and
promoted trade commissioner for
merit. Dr. Tittman resigned volun-
tarily.

Jones, Tittman's successor, pro-
moted for meritorious work as deputy
commissioner fisheries had made
wonderful record in putting new life
into service.

Mr. Sweet wired Mr. Hughes as fol-
lows:

Hughes Statements.
"We had in the coast and geodetic
service an eminent scientist, a man
who had won distinction in connection
with his scientific work, a man of
very eminent rank. He was displaced
to make room for a stockbreeder and
veterinarian surgeon.

"I the coast and geodetic survey we
have had a very extraordinary condi-
tion with regard to spoils appoint-
ments. I shall not go into the exact
figures. In the year ending about
1914—that is, appointments by ex-
ecutive action, removed from the op-
eration of the civil service laws, to
the number, I believe of about 104. I be-
lieve that some twenty of those were
made without seeking that advice of
civil service commission I believe at
least 22 were made after seeking the
advice, and with the approval of the
civil service commission and I be-
lieve that 62 were made in opposition
to the advice of the civil service com-
mission.

Hughes Erred in Facts.
"In the absence of the secretary of
commerce department, one of the bu-
reaux of which is the coast and geo-
detic survey, I deem it my duty to
correct some grave errors in the fore-
going statement. Dr. Tittman super-
intendent of the coast and geodetic
survey, the scientist to whom you re-
fer was not displaced. In February
or March, 1915, he came to my office
and told me that he had determined
to resign on account of his health.
He said that he had reached the con-
clusion 18 months previous and de-
sired a place in Leesburg, Va., which
he expected to make his home. I

SAN FRANCISCO, Aug. 8.—

ferred tonight against Francis

member of the Republican cam-

to Wm. R. Wilcox, chairman of
the national campaign committee.

CHICAGO, Aug. 8.—Charles E.
Hughes tonight told an audience that
crowded Chicago's great Coliseum—the
hall where he was nominated for the
presidency, what he would do if
elected president.

Tearing Down Method.

"Mr. Hughes charged the pres-
ent administration with wasteful
extravagance and vacillation. He
declared that it had not kept the
country out of war but that it had
fought an ignominious war in
Mexico and had withdrawn from
that war ignominiously. He charged
the administration with having
brought the country much nearer
to participation in the European
war than the country would have
been had the administration
"stood for American rights."

He declared that it was no more
possible to expect tariff protection to

tic congress than it would be to get

istration also for its appointments to
office and declared that if elected he

"FIVE MILLION 'DRY' VOTES IS PROHIBITIONIST SLOGAN

(By Review Leased Wire.)
INDIANAPOLIS, Aug. 8.—The slogan
of "five million votes for prohibi-
tion this year" was adopted by the
party leaders assembled for the dou-
ble notification of J. Frank Hanley,
former Republican governor of In-
diana for president and Dr. Ira Land-
rith of Boston for vice president.
Virgil S. Hinchshaw of Chicago the
temporary chairman at the notifica-
tion ceremonies, predicted that 7,000,
000 voters will be reached before the
end of the campaign.
The speakers admitted they do not
expect the election of the party's can-

SUDDEN RALLY NOTED FOR BIG NAVY BILL

**Change of Sentiment for Meas-
ure Leads Champions of
Bill to Forecast Its Passage
in House.**

**WILL TAKE FINAL
VOTE ON TUESDAY**

**Chairman Padgett Won Over
and Followers Follow Suit.
Means Eight Capital Ships
Next Year.**

(By Review Leased Wire.)
WASHINGTON, Aug. 8.—Ad-
ministration leaders believed to-
night they had won their fight
for authorization by Congress of
the big naval building program,
including four dreadnaughts and
four battlecruisers for 1917, drawn
up by the Senate naval committee
after conferences with President
Wilson and Secretary Daniels.

Majority Leader Kitchin in serving
notice today that he would call up
the bill in the House next Tuesday
announced that Chairman Padgett,
one of those who held out in conference
against the Senate increases would
move that the Senate bill be agreed
to.

Wilson Wins 'Em.
Early in the day Mr. Padgett and
Senator Swanson, ranking Democrats
of the Senate committee, had talked
over the subject with President Wil-
son who is understood to have reiter-
ated his belief that authorization for
the larger program was imperative.

Clear Sailing Now.
Senator Swanson said tonight lead-
ers were confident the personnel in-
creases and continuing building program
would be accepted by the House
along with the building increases for
1917. A call was sent broadcast to
absentee representatives to be on
hand for the vote Tuesday.

Separate Votes.
In making his announcement to the
House the majority leader said separate
roll calls would be taken on the
Senate amendment increasing the
capital ships for next year from four
to eight; on the proposal for a gen-
eral construction program next year,
providing for increased numbers of
submarines, destroyers and other ves-
sels besides those of the capital class;
on the three year continuing program,
on the personnel increases and on ap-
propriation of \$10,085,000 for a dry
dock at Charleston, S. C.

Big Vote Tuesday.
That Chairman Padgett would make
a motion to concur in the Senate
amendment came as a surprise to op-
ponents of a big naval program. They
would not concede defeat and sent
out appeals to absent members urging
them to return Tuesday and vote to
insist on the House authorization.
Senator Swanson said no doubt re-
mained that the Senate naval program
would be approved.

Senate Passes Army Bill.
With final action on the naval bill
imminent the Senate today approved
without debate the conference report
on the \$257,000,000 army appropria-
tion bill which will be called up and

HEAT KILLS FOUR IN NEW YORK.

NEW YORK, Aug. 8.—A brief
but terrific thunderstorm near
the end of a scorching hot day ab-
ruptly dropped the temperature
but instead of bringing relief
added to discomfort by raising
the humidity. The heat today
killed four persons and prostrated
scores of others.
At 4 p. m. when the rain was
nearly over, the weather bureau's
thermometer registered 84 de-
grees against 93 fifteen minutes
before.

350 BANDITS ARE ENCAMPED ON BORDER EAST OF EL PASO

**Tames, Former Juarez Mer-
chant, Is Cut Off from Villa
by De Facto. His Ranks
Grow Rapidly.**

(By Review Leased Wire.)
EL PASO, Aug. 8.—About 350 out-
laws under Mariano Tames, a former
Villa colonel, are encamped tonight
on the Mexican side of the Rio Grande,
about thirteen miles below Ysleta,
Texas, which is about twelve miles
east of here, according to reports to
American military headquarters. The
reports, which were unconfirmed, said
that in an effort to elude the Carranza
cavalrymen pursuing him, Tames, who
yesterday was reported near Samat-
ayuca, had made his way north and
east toward Zarazosa, almost opposite
Ysleta, but that he had announced
that he did not intend to raid the
American frontier.

His band, it was said, has been
greatly augmented in the last 24 hours
by recruiting among the peons and
deserters from the Juarez garrison.
Government officials in Juarez said,
however, that Tames, who left Juarez
last week with the announced inten-
tion of joining Villa, has less than a
dozen men with him.

Ordinance for the Eighth United
States Field Artillery, one of the new-
ly organized regiments, consisting of
2.8 guns, was unveiled here today, and
it was announced that a number of
six inch howitzers are now in transit
for the use of the Fifth Field Artillery
here. These guns will be the largest
at El Paso, a number of 4.7 inch guns
having been set up in the hills behind
the town.

U. S. REFUSES TO CANCEL PANAMA'S CROOKED ELECTION

**Almost Every Important Crop

Government.**

WASHINGTON, Aug. 8.—The state
department has decided that under the
terms of the treaty with Panama there
is no warrant for American interven-
tion to set aside the results of the
Panamanian presidential elections as
asked by leaders of the political
party headed by Dr. Chirari. It was
contended that Ramos Valdez was
elected president by fraud. The de-
partment held that the provision of
the treaty guaranteeing presidential
elections could not be invoked since
neither the American legation at
Panama nor the Canal zone authori-
ties had informed the state depart-
ment before hand that there was any
occasion for use of American troops
to supervise the voting.

NEW JERSEY BULL MOOSE FOR WILSON

NEWARK, N. J., Aug. 7.—J. A. H.
Hopkins, chairman of the New Jersey
Progressive state committee, today
placed his services at the disposal
of President Wilson for campaign re-
election. At the same time Mr.
Hopkins said he was opposed to an
official endorsement of the President
by the party.

EVERY ST. LOUISAN HIS OWN MILK MAN.

ST. LOUIS, Aug. 8.—Thou-
sands of St. Louisans became
their own milk men today as a
result of a strike and lockout of
500 union milk drivers, which
virtually tied up the service of
four large dairies here.
It was estimated less than 20
per cent of the city's regular
supply was delivered. There was
no attempt at violence. The driv-
ers are asking for \$18 a week
and six per cent commission on
the gross sales.

CHILD LABOR BILL SAILS THROUGH SENATE

**Administration Scores Sweep-
ing Victory With Almost
Half Own Party Opposing
the Measure.**

**PENROSE AND ILK
AGAINST CHILDREN**

**But Majority Prove Humane.
Bill, Already Passed by
House, Will Bar Interstate
Exploitation.**

(By Review Leased Wire.)
WASHINGTON, Aug. 8.—The sen-
ate late today passed the bill to pre-
vent interstate commerce in products
of child labor. The vote was 52 to
12. The measure, already passed by
the house, was brought to a vote in
the senate upon the insistence of
President Wilson after the Democratic
senate caucus had decided to defer
its consideration until next Decem-
ber.

The Negatives
Senators who voted against the
bill were:

Bankhead, Ala.; Byran and
Fletcher, Florida; Hardwick and
Smith, Ga.; Overman and Sim-
mons, S. C.; Smith and Tillman,
S. C.; Williams, Miss., Democ-
rats, and Oliver and Penrose,
Pa., Republicans.

Cotton Mills at Fault
Opposition to the measure had come
chiefly from southern cotton mill
owners, and the group of southern
Democrats who voted against it had
fought in caucus and maintained their
opposition during the senate debate
on the ground that the regulation is
unconstitutional and interfered with
the right of the states. Eleven Democ-
rats from the south, Senators Swan-
son and Martin, Va.; Underwood,
Ala.; Vadamam, Miss.; James and
Breckham, Ky.; Ransdell, La.; Rob-
inson, Ark., and Culberson and Shep-
ard of Texas, and Shields, Tenn., voted
for it.

All Products Barred
In order to expedite consideration
of the measure in conference, senate
conferees were appointed immedi-
ately after the final was taken. The
only amendment adopted provides to
bar all products of establishments
employing children, from interstate
commerce. The house measure was
directed only against those on which
child labor actually had been em-
ployed.

Senator Borah did not offer the
amendment he had drawn attaching
the immigration bill as a rider in or-
der to force action on it at this ses-
sion.

Amendments to make the prohibi-
tion apply only to children under 14
who could not read nor write, to make
it apply to children on farms, and to
postpone its effective date for two
years were voted down. The bill
as passed would prohibit interstate
commerce in the product of any mine
or quarry in which children under 16
years have been employed, or in the
product of any mill, cannery, work-
shop, factory or manufacturing estab-
lishment in which children under 14

HEAT AND EPIDEMIC KILL SCORES IN NEW YORK CITY

NEW YORK, Aug. 8.—Further
spread of the epidemic of infantile
paralysis in Greater New York and
the heat wave which has gripped the
city caused the health department to-
day to tighten its quarantine regu-
lations and to adopt measures seeking
increased vigilance on the part of
those responsible for the quarantine
maintenance.
District Health officials were in-
structed to report immediately any in-
fractions of quarantine rules and to
notify janitors and superintendents
of premises that they would be held
personally responsible for keeping
quarantined persons inside. Several
persons who have recovered from in-
fantile paralysis today volunteered to
give a quantity of their blood to be
used in the preparation of a serum,
the use of which is said to have
proved beneficial to sufferers.
New Jersey state officials have no-
tified officials here that beginning
August 15 regulation prohibiting trav-
el of children under 16 years of age
within the state unless they have
health certificates would be placed in
effect.

(By Review Leased Wire.)
VIENNA, via London, Aug. 8.—
The loss of the Gorizia bridge-
head to the Italian forces is ad-
mitted in the Austrian official
statement issued tonight. A with-
drawal to the eastern Isonzo, the
statement says, was necessary to
avoid severe losses to the defend-
ers of the bridgehead because of
the desperate attacks made by the
Italians.

French Gain Three Miles

PARIS, Aug. 8.—Notable gains have
been made by the French in the
Somme battle, according to the of-
ficial statement issued by the war
office tonight. In two days they have
carried German trenches along a
front of more than 3 1-2 miles, to a
depth of from 300 to 500 meters.
In the Verdun sector they have
succeeded in regaining a foothold in
the Tiffaumont work.

**Russians Gain Ten-Mile Strip
PETROGRAD (Via London,

advance against the Austro-Ger-
mans in east Galicia have taken
territory aggregating nearly 100
square miles, according to the
Russian official communication
issued tonight. In the pursuit of
the Teutons the Russians have
taken additional villages.**

LONDON, Aug. 8.—Before the
echoes have died from the speeches
of the entente allies' sovereigns,
statesmen and generals on the aus-
picious opening of the third year of
the war, comes news of further Rus-
sian successes and of a splendid vic-
tory for the Italian arms on the Isonzo
front.

The surprising success of the
Italians, who in two days have
captured 10,000 prisoners, sug-
gests that in addition to transfer-
ring General Loeveas, an able
Austrian general, from the Tren-
tino front to Galicia, the Austri-
ans also ventured to transfer
troops from the Isonzo to the
Russian front in an endeavor to
stem the Russian advance.
General Cardona's victory has
caused in London great rejoicing as
one of the most promising successes
in the new allied operations and a
demonstration of the constantly grow-
ing power of the allied offensive on
all fronts.

Russian new victories south of the
Dniester and southwest of the Stan-
islaw-Kolomea railway afford equal sat-
isfaction and the prompt admission
in Berlin of official statement of the
retirement of the Austro-Germans
south of the Dniester is taken here
to indicate that the Russian victory
in this quarter is greater than yet
announced by the Russian official dis-
patches. According to an unofficial
report, the evacuation of Lemberg, the
Galician capital, has already been or-
dered.

In the meantime a new combined
offensive by the allies has begun on
the western front which is expected
to lead to the severest fighting. Guil-
lemont, around which heavy fighting
is now in progress, is one of the
strong positions in the German sec-
ond system of defense and will doubt-
less be defended by the Germans, as
was Posteres, with the utmost stub-
bornness.

MILWAUKEE BALL PLAYER DIES FROM INJURIES.

MILWAUKEE, Aug. 8.—Robert

today from injuries received when he
was hit on the head with a pitched
